YOUR STORY REALIZED.

BLURRED LINES

At Wilsonart we know that a countertop is only a part of the bigger story in your kitchen. Your kitchen is a reflection of how your space has evolved over time and through experiences. While a complete kitchen renovation is the ideal situation, real life gets in the way and we rarely get to scrap everything and start over. Blending existing styles and colors with newer styles in a way that feels cohesive can be challenging.

1885K-07 MARMO BIANCO

The Residential Collection includes two designs that are exceptional at blurring the lines between past and present. Drama Marble and Praline Antico are trend forward designs that coordinate well with nearly every cabinet, appliance, or décor you love. These designs will help you breathe new life into the story of your space.

PRALINE ANTICO 5008K-07

Praline Antico is similar to a Brazilian Bianco Antico Granite, merging warm brown and caramel colors with cool whites, greys, and blacks. Praline Antico features both large and small scale elements.

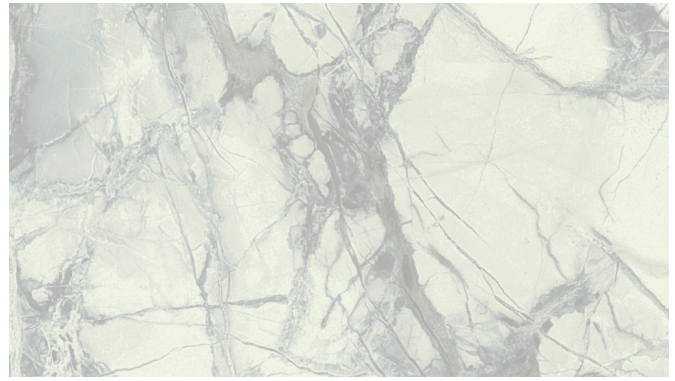

DRAMA MARBLE 5010K-07

Drama Marble is a striking large-scale white marble design with vivid grey, brown, and bronze veining. This type of marble is mined in the Drama region of Northern Greece and is also known as Volokas or Ajax marble.

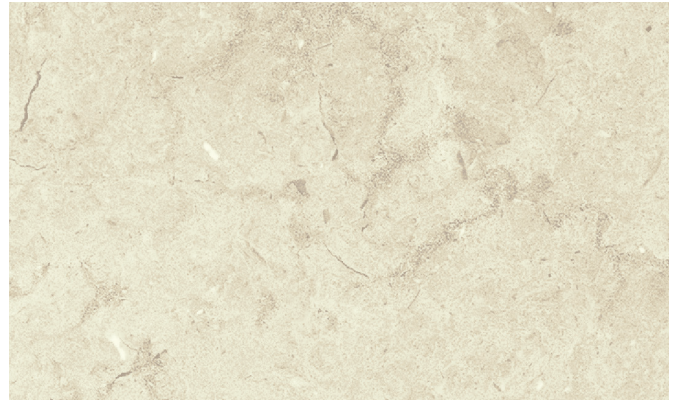

MARMO BIANCO 1885K-07 is a white Torano marble design with varying sizes of grey veining and hints of warm taupe, creating a chunky marble effect in shades of grey that display intricate depth and detail.

COTE D'AZUR 1886K-07 is a large-scale, white Cote d'Azur marble design with thick, cool fractures and thin, warm veining.

BENJAMIN GREY 1887K-22 is a Jerusalem stone look that has soft, sophisticated movement and detail in a range of grey tones.

HEBRON WHITE 1888K-22 is a Jerusalem stone look that has soft, sophisticated movement and detail in a range of warm, cream tones.

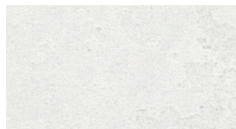

RIBBON MARBLE 1889K-07 is a delicate and feathery linear stone look reminiscent of a Crystal Wood Vein marble in cool white and grey tones.

SERRANIA 1890K-22 is a warm, off-white Carrera marble design that has intricate and subtle veining in crisp whites and warm taupe tones.

BEAUTY WITHOUT SACRIFICE.

BUILT-IN PROTECTION.

Improve your surfaces with Antimicrobial Protection featured on Wilsonart® HD® designs. Antimicrobial Protection is built directly into the laminate to protect the surface against odor-causing mold and mildew.

SCRATCH RESISTANT AND MADE TO LAST.

Living with your Wilsonart countertop is easy thanks to AEON™ Scratch and Scuff Resistance. Featured on Wilsonart® HD® and Premium designs, AEON outperforms competitive laminates with similar finishes on wear resistance, as well as scratch, scuff and mar resistance.

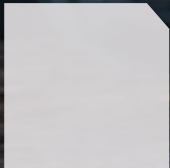

EASY TO CLEAN. EASY TO LOVE.

With it's tough exterior, you never need to seal Wilsonart® Laminate. Cleaning is as simple as a quick wipe with a damp cloth. All Wilsonart laminates resist grubby fingers, coffee spills and so much more.

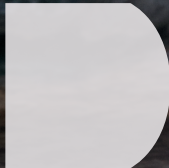

EXPENSIVE LOOKING DOESN'T MEAN EXPENSIVE.

Wilsonart gives you the look of luxury without the price tag. You can upgrade your look without having to upgrade your budget. Now that's smart and stylish!
