

## The **Dynamite** keyboard tray is exploding with options!

Easy slide out left or right mouse tray complete with horizontal motion that allows mouse forward positioning for both increased comfort and ergonomics.

Soft foam palm rest to ensure proper support while typing. The palm rest is removable and can easily be cleaned

The built-in document holder makes it easy on you neck for the transfer of documentation without having to turn your head.

Built in wire management for both keyboard and mouse along with the anti-slip ribs all add value and function to what we see as our future #1 keyboard tray.

The 5007438C4 Combo "**The C4 Combo**" includes the new **Dynamite** tray complete with our #1 selling articulating arm all in one box. A lever-less height adjustable arm with dial tilt on a 21" base frame in a black textured finish.
