

JPULL PANELS AND CUSTOM-MADE CABINET DOORS

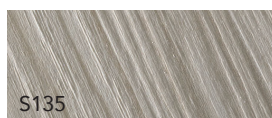

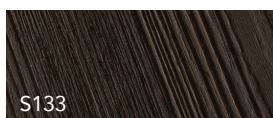

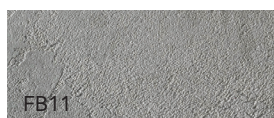

J PROFILE

Particleboard panel with a thermostructured melamine surface. J handles (JPULL/J Profile) are integrated horizontally, at the bottom and the top of the 40" panels, and at the top of the 16" panels.

- The JPULL handle is covered with edge banding.
- The panel can be sold 'as is' for the construction of doors.
- The sequenced method* is available only with consecutive/side-by-side doors or drawers.

*Sequenced method
