

Safety Data Sheet

Arborite, Division of Wilsonart Canada ULC

SDS Number: A001 Arborite High Pressure Decorative Laminate

Revised: Oct. 30, 2020 Page 1 of 6

1 IDENTIFICATION

Product Name: Arborite® Decorative Laminate

(All Grades and Thicknesses, including High-Pressure Backers, ArboChem, excluding

Metal Core Laminates)

Manufacturer: WILSONART LLC

P.O. BOX 6110 - 10501 H.K. DODGEN LOOP

TEMPLE, TX 76503

INFORMATION PHONE: 800-433-3222 (USA)

Trade Name: High-Pressure Decorative Laminate (HPDL)

(All Grades and Thicknesses, including High-Pressure Backers, ArboChem, excluding

Metal Core Laminates)

Material Uses: Decorative Laminate

In Case of Emergency Contact:

1 613 996 6666 Transport Canada's Canadian Transport Emergency Centre (CANUTEC)

1 800-424-9300 CHEMTREC (USA)

1 703-527-3887 CHEMTREC (INTERNATIONAL)

2 HAZARDS IDENTIFICATION

GHS Classification: Not applicable. Material is classified as non-hazardous.

GHS Signal Words with Hazard and Precautionary Statements: Not applicable.

GHS Pictograms: Not applicable.

Route of Entry: None for product as sold. For dust or chips generated during fabrication operations: eye contact, skin

contact, and inhalation.

Target Organs: None

Skin Contact: Solid sheet may be abrasive to, or cut skin. Fabrication operations such as milling, cutting, grinding,

etc., may produce dust or chips that may be irritating.

Eye Contact: No hazard for product as sold. Fabrication operations such as milling, cutting, grinding, etc., may

produce dust or chips that may be irritating.

Respiratory Contact: No hazard for product as sold. Fabrication operations such as milling, cutting, grinding, etc., may

produce dust or fines that may be irritating.

Ingestion: Not an expected route of entry.

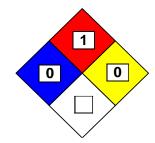

В

WARNING! This product may form combustible dust during processing.

HMIS (United States): NFPA (United States): WHMIS (Canada): Not classified as hazardous

4 FIRST AID MEASURES

Skin: Solid sheet may be abrasive to, or cut skin. Fabrication operations such as milling, cutting,

grinding, etc., may produce dust or fines that may be irritating. May aggravate existing skin

conditions. Wash with soap and water. If irritation persists, seek medical attention.

Eye: No hazard for product as sold. Fabrication operations such as milling, cutting, grinding, etc.,

may produce dust or fines that may be irritating to the eyes. Rinse eyes with water for 15

minutes. If irritation persists, seek medical attention.

Respiratory: No hazard for product as sold. Fabrication operations such as milling, cutting, grinding, etc.,

may produce dust or fines that may be irritating to the respiratory tract. If irritation persists,

seek medical attention.

Ingestion: Not an expected route of entry with normal product use.

5 FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Use extinguishing media appropriate for surrounding fire.

Specific Hazards Arising from the Chemical: Not available.

Special Protective Equipment and Precautions for Firefighters: Use self-contained breathing apparatus and

protective clothing appropriate for surrounding fire.

Flash Point and Method: Not Applicable. Flammability Classification: Not available.

Risk of Explosion due to Mechanical Impact: Not applicable.

Risk of Explosion due to Static Discharge: No hazard for product as sold. Fabrication operations such as

milling, cutting, grinding, etc., may produce dust. Fine dust dispersed in the air in sufficient concentrations, and in the presence of an ignition source is a potential dust

explosion hazard.

Hazardous Products of Combustion: Carbon oxides (CO and CO₂) and various Hydrocarbons.

Special Remarks: None

6 ACCIDENTAL RELEASE MEASURES

Personal Precautions, protective Equipment, and Emergency Procedures: Material is non-hazardous as sold.

Environmental Precautions: None.

Clean-Up Methods and Materials: Material is non-hazardous as sold.

7 HANDLING AND STORAGE

Handling Precautions: No specific usage precautions required. Follow normal good hygiene practices.

Protect exposed skin from cuts and abrasions. Minimize dust generation and

accumulation. Routine housekeeping should be instituted to ensure that dust does not

accumulate on surfaces. Avoid dispersal of dust in the air (i.e., clearing dusty

surfaces with compressed air).

Storage Precautions: Store in a dry well-ventilated area.

EXPOSURE CONTROLS / PERSONAL PROTECTION

Control Parameters and Exposures:

Material Name: Exposure Limits

Laminate Dust (Particulate Not Otherwise Regulated – PNOR):

OSHA PEL: TWA 5 mg/m³ (respirable) TWA 15 mg/m³ (total)

Engineering Controls: No special ventilation requirements for product as sold. Provide adequate ventilation to

meet exposure guideline if fabrication operations generate dust or fines. It is recommended that all dust control equipment such as local exhaust ventilation and material transport systems involved in handling the dust particulate of this product contain explosion relief vents or an explosion suppression system or an oxygendeficient environment. Ensure that dust handling systems (such as exhaust ducts, dust collectors, vessels, and processing equipment) are designed in a manner to prevent the

escape of dust into the work area (i.e., there is no leakage from the equipment).

Individual Protection Measures and PPE:

Eye / Face Protection: Wear safety glasses with side shields during fabrication operations that produce chips,

fines, or dust.

Skin Protection: Gloves suitable for protection against cuts and abrasions from sharp edges are

recommended.

Respiratory Protection: Respirators - No specific recommendation. Respiratory protection must be used if the

OSHA Permissible Exposure Limit for laminate dust (Particulate Not Otherwise

Regulated - PNOR) is exceeded.

Thermal Hazards: None.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Solid sheet, various colors and dimensions

Odor: None

9

Odor Threshold: Not Applicable PH: Not Applicable

Melting Point / Freezing Point: Not Applicable

Initial Boiling Point and Boiling Range: Not Applicable

Flash Point and Method: Not applicable Evaporation Rate: Not Applicable

Flammability: Material is combustible.
Lower Explosion Limit: Not Applicable
Upper Explosion Limit: Not Applicable
Vapor Pressure: Not Applicable
Vapor Density: Not Applicable
Solubility: Not Soluble

Relative Density: Approximately 85 lbs./ft³

Solubility(ies): Not soluble.

Partition Coefficient (n-Octanol in Water): Not Applicable

Auto-Ignition Temperature: Not Available **Decomposition Temperature:** Not Applicable

Viscosity: Not Applicable

SDS Number: A001

10 STABILITY AND REACTIVITY

Reactivity: Product is non-reactive.
Chemical Stability: Product is stable.
Possibility of Hazardous Reactions: None.

Conditions to Avoid: None.

Materials to Avoid (Incompatibility): None.

Hazardous Decomposition Products: Carbon oxides (CO and CO₂), and various Hydrocarbons.

11 TOXICOLOGICAL INFORMATION

Acute Toxicity to Animals: This product has not been tested for animal effects. This product is not

expected to be toxic to animals.

Acute Toxicity to Humans: This product has not been tested for human effects. This product is not

expected to be toxic to humans.

Chronic Toxicity to Animals: This product has not been tested for human effects. This product is not

expected to be toxic to humans.

Chronic Toxicity to Humans: This product has not been tested for human effects. This product is not

expected to be toxic to humans.

Not Available. **Skin Corrosion / Irritation:** Not Available. **Eye Damage / Irritation: Respiratory Sensitization:** Not Available. Skin Sensitization: Not Available. Mutagenicity: Not Available. Carcinogenicity: Not Available. **Reproductive Toxicity:** Not Available. **STOST – Single Exposure:** Not Available. STOST - Repeated Exposure: Not Available. **Aspiration Hazard:** Not Available.

12 ECOLOGICAL INFORMATION

Ecotoxicity: Not Available. Not expected to be ecotoxic.

Persistence and Degradability: Not Available
Bioaccumulative Potential: Not Available
Mobility in Soil: Not Available
Other Adverse Effects: Not Available

13 DISPOSAL CONSIDERATIONS

Disposal Methods: Not classified as hazardous waste. Dispose of in accordance with Federal, State, and

local regulations.
