Our new Studio Collection door style by Lecxeco is clean and sophisticated, a modern take on a classic design. It is perfect for those seeking a look slightly more detailed than a flat slab door, but not as chunky as the classic shaker style cabinet door. Studio 5-piece door collection features a wide variety of color, finish and construction options. Perfectly matched to a range of both Uniboard and Tafisa TFL. Means this collection can compliment any design!

Manufacturing of these doors uses only the highest quality materials. The PUR glue application system makes the Studio Collection among the most long-lasting cabinet doors on the market today.

## PUR | POLYURETHANE REACTIVE TECHNOLOGY
