

NEW LINE OF STAINLESS STEEL BALLBEARING SLIDE

OUTDOORING

RUST RESISTANT

Standard slides

KG 44 kg weight capacity

With soft-close mechanism

KG 35 kg weight capacity

No.	Description
304170400	400 mm
304170450	450 mm
304170500	500 mm
304170550	550 mm

No.	Description
304SC170400	400 mm S/C
304SC170450	450 mm S/C
304SC170500	500 mm S/C
304SC170550	550 mm S/C

Made of 304 stainless steel, the Richelieu ballbearing slides retain their appearance and functionality in the most difficult conditions. These slides are perfectly suited for outdoor projects and areas exposed to humidity, such as kitchens and garages.

- ✓ Full extension
- ✓ Made of 304 Stainless steel
- ✓ 100 % of the slide components are made of corrosion resistant materials
- ✓ Tested 300 hours salt spray
- ✓ KCMA certification

STAINLESS STEEL RCS HINGES

RUST RESISTANT

304 stainless steel RCS hinges

105° hinges

Soft close

No.	Description
RCS36050040170	Full overlay - screw on – soft close
RCS36050048170	Full overlay - dowel – soft close

304 stainless steel screw on mounting plate

No.	Description
RCS00100170	Plates 0 mm
RCS00120170	Plates 2 mm

STAINLESS STEEL SCREWS

RUST RESISTANT

304 stainless steel flat head euro screw M6 x 11.5 mm

- Quadrex drive

No.	Description
FQ2ESSM6115PR	Bulk 16 000 units
FQ2ESSM6115PRM1	Box of 1000 units

304 stainless steel, flat head, wood screw #6 x 5/8

- Flat head screw with quadrex drive
- Coarse thread

No.	Description
FQC2S658	Bulk 15 000 units
FQC2S658M1	Box of 1000 units

304 stainless steel truss head, wood screw #6 x 5/8

- Truss head screw with quadrex drive
- Coarse thread

No.	Description
TQC2S658	Bulk 15 000 units
TQC2S658M1	Box of 1000 units
