

Revolving Shoe Storage System

When the dream becomes reality!

Applications

- Ideal for closet, entry hall or even office reception.
- Best shoes storage solution in the market, especially for smaller closets.

Advantages

- Easy to install (top and bottom mount).
- Rotates at 360 degrees to give complete access on both sides and full overview to the stored items.
- Load capacity: 2 kg (4.4lb) per shelf.
- Made of solid material: steel, POM for the frame and ABS for the shelves.
- Comes in a black finish.
- Handle included.
- Storage can be customized (depending if you store women or men shoes).
- Shoes of the whole family can be stored in one place collectively.
- Needs 442mm (18") clearance outside of the cabinet for the rotation.

Description

This revolving storage unit allows you to effortlessly store and take out shoes from both sides, achieving increased storage efficiency. With a large storage capacity of up to 56 pairs of shoes for the tallest version (24 pairs for the small version), no more cluttering shoes around your home.
