MEGANITE[®]
Acrylic Solid Surface

meganite.com

MEGANITE ACRYLIC SOLID SURFACE

HYGIENIC & NON-POROUS

Does not support growth of mould, mildew or bacteria and is stain resistant. Meganite is safe for food preparation and is certified by NSF. Suitable for spaces where hygiene is essential.

DURABLE AND EASY TO REPAIR

Tough, durable material to withstand intensive daily use. Meganite can be easily renewed and restored to its original appearance after heavy wear and tear.

INCONSPICUOUS SEAM

Seamless surface joints with no crevices to trap bacteria and dirt.

HEAT RESISTANT

Heat resistant but avoid direct heating on surface.

THERMOFORMABLE & VERSATILE

Can be thermoformed, moulded, routed and shaped to accommodate both vertical and horizontal applications.

EASY MAINTENANCE

Easy to clean and does not require sealing or special products for maintenance.

SUSTAINABLE

Designed for indoor spaces, GreenGuard and GreenGuard Gold Certifications meet compliance with stringent chemical emission standards. Meganite is also Red List Free as indicated in the Declare Label.

FABRICATION

Easy to fabricate with hardwood tools.

ACRYLIC SOLID SURFACE COLORS

M602 Crater Lake

Curated to perfection, this collection features a dynamic palette of warm grey monochromes that is designed to reflect the texture of nature.

M802
Soft Statuario

M050
Mont Blanc

M601
Himalaya

M602
Crater Lake

M007 Mt. Carrara

Design inspired by luxurious natural stone, this industry breakthrough marble collection is elevated above other colours because of the diverse aesthetic appeal, highlighted by distinct veining running through each slab, that offers a sophisticated look and artistry that makes them a classic choice for centuries.

M002 *
Mt. Vancouver

M005
Mt. Jade

M007
Mt. Carrara

M009
Mt. Crema Carrara

Embodying the rough and strong look of concrete, the colours flow through different shades of grey ranging from gentle and warm grey to dramatic and dusky near-black tones. Monochromatic veins and fine particles breathe across the surface, creating a lavish and energetic look with a refined touch.

TERRAZZO SERIES

Meganite celebrates the renaissance of the popular 15th century Venetian trend with an all-new collection of Terrazzo inspired 100% acrylic solid surface patterns.

TRUE TERRAZZO captures the classic true look of natural terrazzo into modern design that reveals an extraordinary aesthetic potential and unprecedented versatility in daily use. Compared with original terrazzo tiles, the key advantage lies with all the fundamental functionality of Meganite's standard solid surface. Non-porous properties enable it to be installed in tough environments from healthcare to food service to residential spaces with hygienic performances and ease of maintenance.

033Z MediWhite

AcryMed is specially developed to enhance indoor environment surfaces by protecting the surface itself against deterioration, stains and odour-causing bacteria. AcryMed has antimicrobial protection integrated into the solid surface sheet during production, it is not a top coating. Certified in accordance with ISO 22196 and JIS Z 2801.

The AcryMed technology protects the product itself against stain and odor-causing bacteria and should be used to reduce bioburden between cleaning and disinfection. AcryMed does not protect users or other beings from disease-causing bacteria.

AcryMed offers integrated hygienic surface protection with a significant impact that effectively protects the surface itself against Meganite's selected bacteria*:

99.9% * effective against :

- ✔ ATCC 33591 Staphylococcus aureus subsp. Aureus (MRSA)
- ✔ ATCC 8739 Escherichia coli
- ✔ ATCC 9027 Pseudomonas aeruginosa
- ✔ ATCC 4352 Klebsiella pneumoniae

Disclaimer: Tested 99.9% effective against Meganite selected bacteria in accordance with ISO 22196 and JIS Z 2801 testing standards. Results may vary when tested on different organisms, bacteria, and or standard. The AcryMed technology protects the PRODUCT ITSELF against stain and odour-causing bacteria. AcryMed does not protect users or other beings from disease-causing bacteria. AcryMed does not have anti-viral properties and cannot replace any cleaning process. Please contact your local authority/government regarding other virus cleaning recommendations.*

RECYCLE SERIES

Designed to minimize production and landfill waste, offers the flexibility to choose the ideal material for your projects. This optimized material consumption aligns with your specific needs while incorporating 6% recycled content sourced from our pre-consumer materials. Additionally, the series carries certification from SCS (Scientific Certification Systems), providing validation of its sustainable composition.
