

Space savings ideas for the kitchen and other rooms of the house!

Description

An amazing solution !

This pull out table is a revolutionary solution in space organization . Hidden in a drawer when not used, you just have to pull it out to get a lunch table in a fingertip. PARTY offers an extension of approximatively 1446mm (57") with a weight capacity of 100kg (220lb).

No.	Description
411952410	EXTENTION PARTY 24" ALUMINUM
411953610	EXTENTION PARTY 36" ALUMINUM

Product Features

- Complete system , only the table top has to be made by the customer to harmonize the color with the other components of the cabinet or furniture.
- Heavy duty aluminum slides: 100kg (220lbs) weight capacity evenly distributed.
- To be installed in place of a drawer, behind a front panel with hinges, that tilts down, allowing to pull out the table from the cabinet.
- Sturdy aluminum anodized U-shape leg, extendable and foldable
- The 3 top panels fold on themselves (hinges included in the hardware bag).
- The rear top panel is fixed on the mechanism.
- Suitable for 24 " (610mm) or 36 " (914mm) external cabinet width.
- Approx. total extension from the edge of the cabinet: 1446mm (57")

Advantages

- Creates an extra table in a blink of an eye.
- Allows also to increase the preparation or working area while preparing food.
- Hidden in the cabinet when not needed (takes the same space normally used for a regular drawer).
- Ideal when used with the pull-out bench T-Bench # **4119194510**.
- 3 positions of height adjustments for the leg.

Internal depth required : min. 560mm (22 1/16")

Internal width required (model 24 ") : 572 to 578mm (22 1/2" to 22 3/4")

Internal width required (model 36 ") : 877 to 883mm (34 1/2" to 34 3/4")

Internal height required : 150mm (5 15/16")

The thickness of side panels can vary from 16 to 19mm (5/8" to 3/4").
