

Drawer system for vanities

Banio is a system designed to improve the production and functionality of your vanity drawer.

Technical solution: the cut out shape allows to conceal the unattractive siphons in the back.

Functional: the storage trays will help you to get your drawer organized.

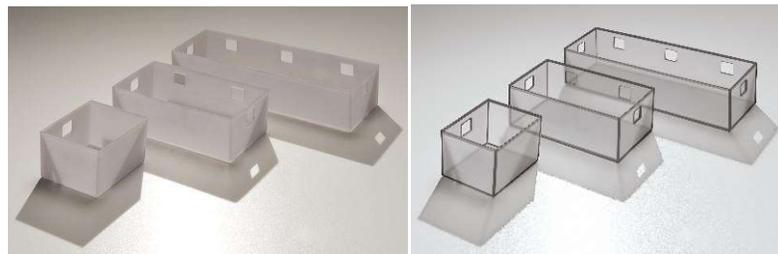

2 improvements in one product!

Graphite

The 3 trays can be installed in both ways (width or depth) just by using the hooks on the profiles

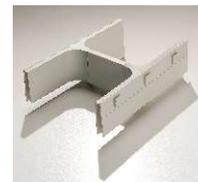

Advantages

- Do the cut out of the bottom of your drawer considering the instructions.
- Cut Banio side profiles to your dimensions.
- Assembly the system with a few clicks.
- Insert the storage trays.
- Available in white, gray and dark gray.
- Can be used with any type of drawers (melamine, wood, metal, double wall).
- With Banio, your vanity drawer will be easier to produce but it will also help you to get the perfect storage and organization in your vanity drawer.
