

LIONGRIP CRYSTAL EPOXY RESIN

UP TO 1" THICKNESS IN A SINGLE LAYER APPLICATION

AN EXTREMELY DURABLE AND SCRATCH-RESISTANT FINISH

Liongrip Crystal is a high quality infusion epoxy resin consisting of two components: a resin and a hardener.

Developed for decorative uses, such as tables, counters, vanities, floors, and much more.

- Thickness creates a unique 3D effect
- Easy sanding, polishing, sawing and finishing
- Simple 2:1 mixing ratio
- 100% solid with no evaporation
- Self-leveling
- UV resistant and won't yellow

Liongrip Crystal offers excellent adhesion to most surfaces, including wood, metal, glass, fiberglass, ceramic, and concrete.
