

Slides

Series 4502

Features & Benefits

Superior quality

Quiet and smooth rolling performance

Assembly

Easy and efficient mounting & disassembly

Highest-Grade Steel

BIFMA X.5.9. Certified

Advantage

Flush and secure hold system of the drawer member against the plastic entry socket of the cabinet member during dismount. This ensures easy re-entry of the drawer member without complications.

Applications

Office and kitchen

Load capacity

78 lb (35 kg)

Packing in pairs
