

Modular recycling center for LEGRABOX drawer (from Blum) that allows to personalize the waste management according to your needs.

Advantages

- This system offers a wastebin frame that is mounted on a LEGRABOX drawer of 550mm depth "C" height (sold separately).
- Systems are available for 450mm and 600mm external width cabinets having 16mm or 19mm side gables.
- Once the frame is installed, you simply have to choose the bins for your needs.
- An internal fixed lid (sold separately) allows to reduce odors and offer additional storage space.
- Choice of 35L and 42L bins.
- Each bin has handles to easily take the bins out and they also hold the bags in place once folded.
- Individual bin lids are available (sold separately). One size fits on both the 35 and 42 liters bins.
- Small compost bin also available (sold separately) which can be hooked on the inside edge of one of the larger bins.
- Trendy Orion grey color.

For a complete system, order :

1 x LEGRABOX drawer of 550mm and C height (177mm / 4 5/8")
