

INFECTION PREVENTION BEGINS WITH DESIGN

The environmental changes and the concept of having ecological and sustainable lifestyles have manifested in our decision-making behavior nowadays. Along with the global pandemic impact, antimicrobial-applied products have become the mainstream of high-quality design.

AcryMed uses a physical process called ionic exchange to damage a microbial's cell wall physically. Ionic exchange is fundamentally different than chemical-induced processes.

The AcryMed technology protects the product itself against stain and odor-causing microorganisms and **should be used to reduce bioburden between cleaning and disinfection**. AcryMed does not protect users or other beings from disease-causing bacteria.

STRATEGIC SELECTION OF ANTIMICROBIAL SURFACE MAY AID IN HEALTHCARE-ACQUIRED INFECTION

Healthcare professionals, healthcare facility management, and healthcare designers can use **AcryMed as a strategic tool to help reduce bioburden between cleaning and disinfection**.

ANTIMICROBIAL EFFECTIVENESS TESTING

After 24 hours, tested at least

99.9% *
effective against :

- ✓ ISO 33591 Staphylococcus aureus subsp. Aureus (MRSA)
- ✓ ATCC 8739 Escherichia coli
- ✓ ATCC 9027 Pseudomonas aeruginosa
- ✓ ATCC 4352 Klebsiella pneumoniae

Test conducted by SGS

99.0% *
effective against :

- ✓ ISO 22196 Staphylococcus aureus subsp. Aureus (MRSA)
- ✓ ATCC 8739 Escherichia coli
- ✓ ATCC 9027 Pseudomonas aeruginosa
- ✓ ISO 22196 Klebsiella pneumoniae
- ✓ ISO 22196 Candida auris

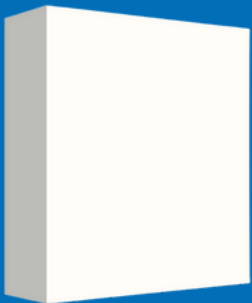

Test conducted by ResInnova Laboratories, Rockville, MD

ACRYMED DISCLAIMER:

Tested >99.0%* effective against Meganite-selected bacteria in accordance with ISO 22196 and JIS Z 2801 testing standards. Results may vary when tested on different organisms or bacteria. The AcryMed technology protects the product itself against stain and odor-causing microorganisms. AcryMed does not protect users or other beings from disease-causing microorganisms.

STOCKING COLORS

033Z
MediWhite

532Z
Jasmine Pro

737Z
Chamomile Pro

Customize color available.

MAXIMIZE ANTIMICROBIAL BENEFITS WITH STRATEGIC SELECTION OF ACRYMED: EXPLORE RECOMMENDED APPLICATIONS BELOW

A Lobby

- Information Counter
- Table / Bench
- Handrail / Wainscoting
- Signage

B Clinic

- Consulting Table
- Medicine Cabinet

C Restroom

- Vanity Top
- Toilet Partitions
- Countertop
- Backsplash
- Signage

D Patient Room

- Nurse Station
- Windowsill
- Partition Wall
- Cabinet

E Shower Room

- ADA Basin
- Shower Wall
- Signage

F Operating / Recovery Room

- Cabinet
- Partition Wall
- Wall Cladding
- Scrub Sink
