

BAFFLE SYSTEME

Andromeda stands out for its elegance and beauty

The Andromeda design is part of our new acoustical baffles collection called Constellation, by FeltKutur. It is a very interesting decorative line if you want to have a creative and unique interior design.

Sound absorption :

The design of this baffle system consists of chevron, which is a decorative motif in the shape of a V, or as we usually call it, the zigzag. It is a very interesting decorative line if you want to have a creative and unique interior design.
