

POWER CONDUCTOR SYSTEM VARIO D10

POWER SUPPLY INSTALLATION: PLUG-IN

- Innovative power supply solution for the electrification of shelf systems without visible leads
- Shelves can be placed easily at any height
- Lights are supplied by only one current conductor (max. 6A)
- 12V/24V Recessed conductor rail for cut-outs in shelves and furnitures, colours black or white
- Feeder and current collector for integrated luminaires

POWER CONDUCTOR RAIL

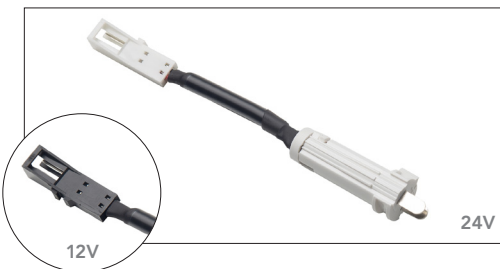

Thermo-plastic profile 12V/24V with copper conductor in black or white

FEEDER

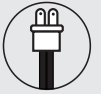

Mounting Adapter as Feeder with ESP plug black 12V/ ESP plug white 24V, max. 6A

CURRENT COLLECTOR

Mounting Adapter as Current Collector with ESP female socket black 12V/ ESP female socket white 24V, max. 6A

STARTER KIT

Order the quantities below for each part number to complete 1 kit shown in the installation layout.

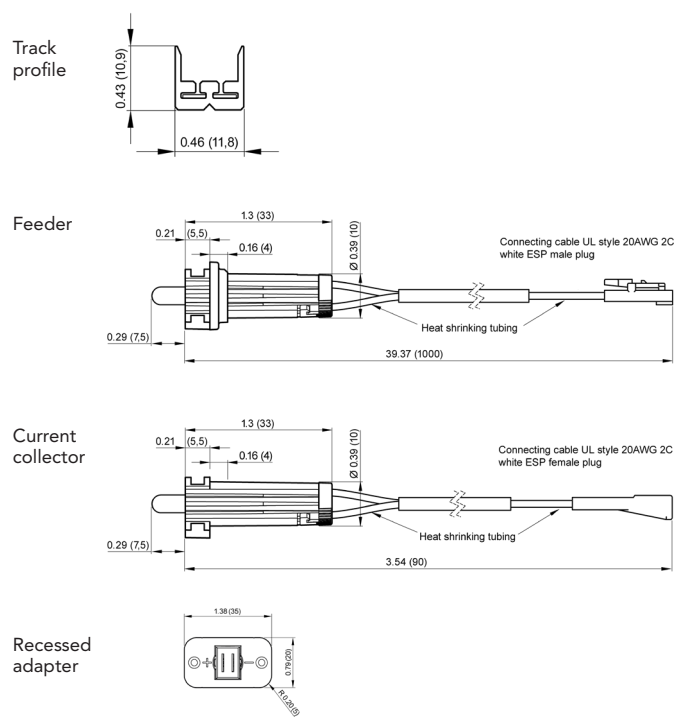

12V SYSTEM (Black Plugs)

Qty.	No.	Description
	54017670900	VARIO Power conductor rail, plastic profile black, 94.49in
	53983001	12V VARIO D10 Feeder with lead 39.37in, ESP plug black
	53982901900	12V VARIO D10 Current collector with lead 2.36in, female ESP socket black

24V SYSTEM (White plugs)

Qty.	No.	Description
	54017671030	VARIO Power conductor rail, plastic profile black, 94.49in
	53983051	24V VARIO D10 Feeder with lead 39.37in, ESP plug black
	53982951030	24V VARIO D10 Current collector with lead 2.36in, female ESP socket white
