

# CABINET DOORS FOR OUTDOOR LIVING

CREATE A DISTINGUISHED LOOK

  
**Richelieu**

# REVOLUTION DOORS

CABINET DOORS FOR A LIFETIME OF FUNCTION AND DURABILITY

## ADVANTAGES

- High-quality CNC work for cutting profiles.
- The cabinet doors are resistant to humidity and moisture and will never need painting or refinishing.
- Inside or out, the high-density polyethylene will not rust, delaminate or rot.

Revolution Cabinet Doors bring marine-grade toughness and designer styles to the building trades market. The custom cabinet door program combines King StarBoard® ST, the environmentally stabilized polymer building sheet, with designer styles and state-of-the-art CNC fabrication.

King StarBoard® ST is a unique and advanced polymer sheet that is 25% stiffer than the original marine-grade polymer.

**THE RANGE OF  
POSSIBLE STYLES AND  
FUNCTIONALITIES IS  
VIRTUALLY ENDLESS.**

# ALUMINUM FRAMED DOORS

A TRENDY FRAME DOOR THAT WILL NEVER GO OUT OF STYLE !

We believe in the power of clean design and innovative materials. Our vision in bringing European influences to our market is shaped by these principles.

The beautiful aluminum finishes are obtained through an anodization bathing process. These finishes are timeless, high-quality, and will never peel off or wear out.
