

The reversible and versatile base unit pull-out

Features - Benefits

- Pull-out system available in two different heights.
- Door mount application, door brackets included
- Perfect for storing groceries, bottles and spices.
- Optimum use of space, for frameless cabinets widths from 150 to 400 mm (6" to 15 3/4").
- Frames can be used with our chrome wire tray as well as Arena trays and plastic tray.
- Frames are reversible, same frame can be mounted left or right.
- Optional SLIM narrow basket made of "shatter-proof" polycarbonate provides a clear space to store your bottles and spices (#29174810). Ideal for 150mm (6") frameless cabinets.
- Thanks to the clip system between frame and full extension runner, assembly is easy and tool-free
- Full extension slides include soft-closing mechanism.
- Side and bottom mounted slides for easy installation and stability.
- Load capacity of 25 kg (56 lbs).
- Color of the frame: silver gray
- Ideal for plain door cabinets or use with a back panel on the door (not all door bracket holes might be usable on a shaker door (5-pc door).

BASKET CONFIGURATIONS:

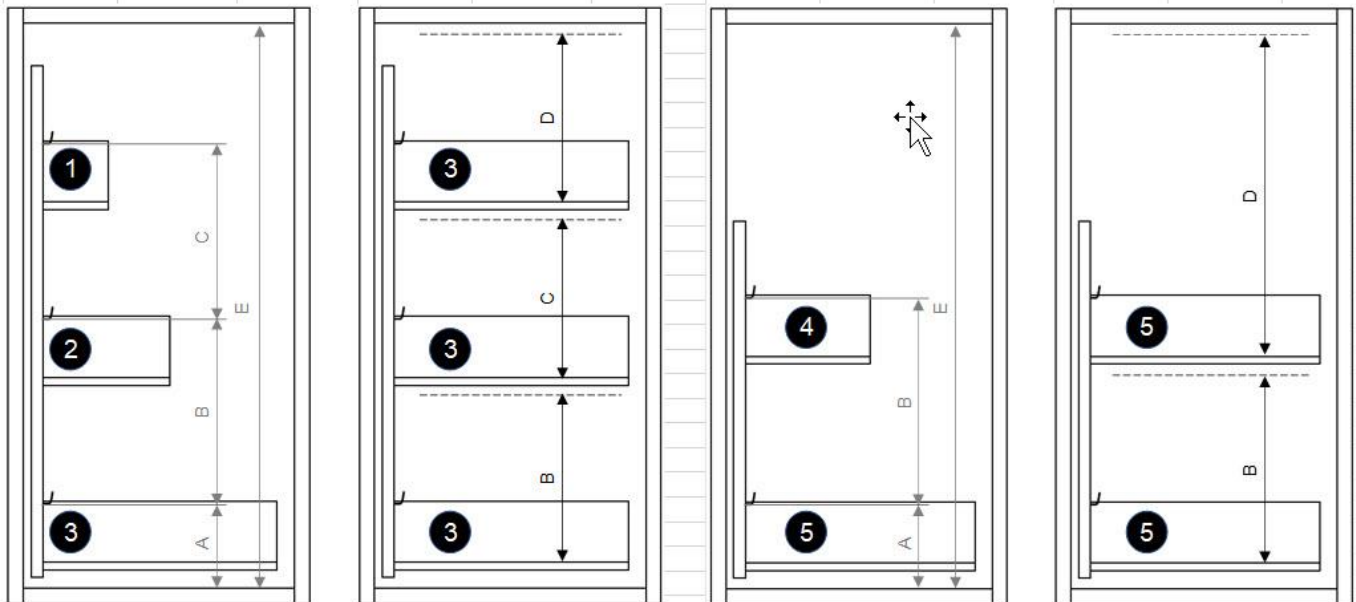

For the short frame (2912450100), we recommend to use 2 baskets.

For the taller frame (2914680100), you can use 2 to 3 baskets depending on the height of the contents you will store.

Baskets can have the same widths or you can use different widths to optimize access and space usage depending on the height of the stored contents (see illustration below).

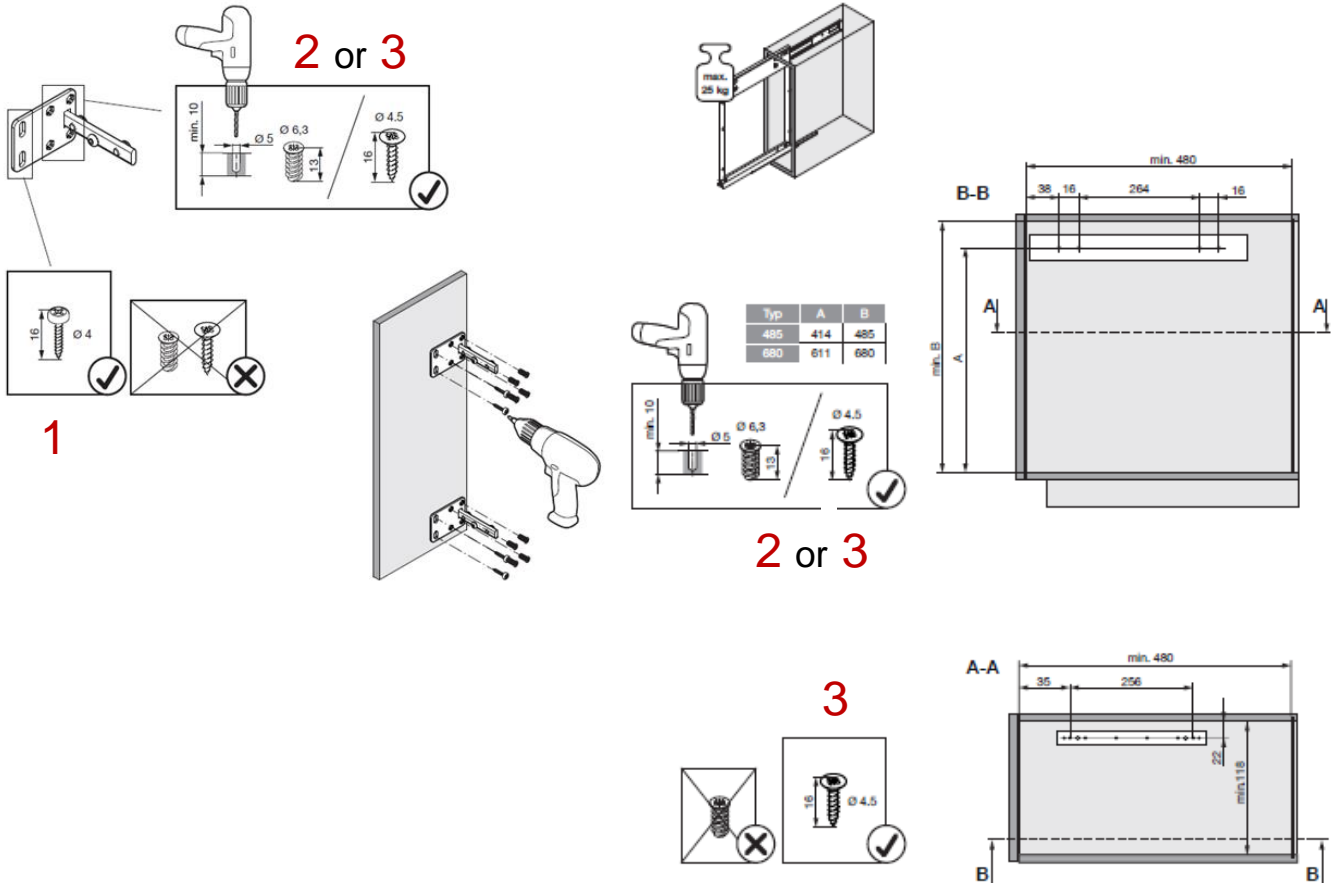

SLIM Frame – Hook Positions/ Basket storage clearances (load)

Type	Frame	A	B	B load	C	C load	D	D load	E
	680	108	236	221	224	209	162	222	730
	450	108	263	248	-	-	359	419	730

Technical Information

Screws for installation are note included. See our suggestions in Table below.
