DESIGN

HOLL BH SP

Reinvention of the standard puck with Italian ingenuity

Holl is a new generation of LED puck light offering excellent freedom of composition with a perimeter light form. This unique, rethinking of how the standard puck light is designed brings an appealing style for charming light effects while maintaining a powerful light source feature.

HOLL BH

ADVANTAGES AND BENEFITS

- Available in three variations:
 - ✓ Holl BH features a groove installation
 - ✓ Holl TH features a standard puck recess installation
 - ✓ Holl BH SP features surface mount installation
- Output with Micro24 connector is axial or radial to the installation surface
- Configure with a LED switch for on/off and dimming
- Multiple lighting temperature ranges available from super warm to neutral white
- No-dot LED technology
- Matching style with silicone solutions: FlexyLED AT6, SEH4

HOLL PUCKLIGHT LED

TECHNICAL SPECS

- Tension: 24 V dc
- Ø: 3" (76 mm)
- Height - recessed: 15/32" (12 mm)
- Height - surface mount: 1/2" (12.5 mm)

- Pre-wired 78 3/4" (2 m) power cable
- Color Rendering Index: CRI 80
- Luminous flux: (sw/ww) 360, (nw) 405 lm
- Luminous efficiency: (sw/ww) 80, (nw) 90 lm/W

HOLL BH PUCKLIGHT LED

- Mounting: recessed in blind groove
