

FAST CHARGE TYPE A USB SOCKETS

Holl BH SP & SUBBY SP

Adding charging power to the collection of Micro24 systems

Subby integrates two type A USB sockets compatible with smartphones, tablets, game consoles, MP3 players, cameras, etc. Supplied with a Micro24 connector that pairs with the Richelieu lighting system, it creates a powerful combination of technology and lighting.

ADVANTAGES AND BENEFITS

- The maximum load is 20 W for fast charging a single device up to 4000 mA or two up to 2000 mA
- The charging time depends on the technical characteristics released by the device's producer
- Supplied with a 78 3/4" (2 m) power cable with Micro24 connector
- Developed for recessed installation in $\varnothing 1 \frac{13}{16}$ " (46 mm) hole or on the surface with a spacer

TECHNICAL SPECS

- Input: 24 V dc
- Output: 5 V dc
- Power: max 20 W
- USB standard: 2x type A
- Mounting: recess or surface
- Bore hole \varnothing : $1 \frac{13}{16}$ " (46 mm)
- Bore hole depth: $\frac{1}{2}$ " (12 mm)
- Surface mount height: $1 \frac{11}{16}$ " (17 mm)
