

NEON FLEX

3D

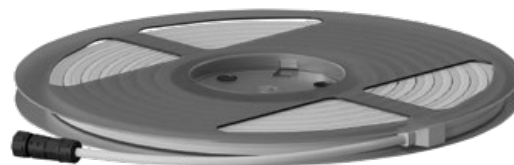

The LED linear that replaces both the LED profile and the lens

Made from flexible silicone, Neon Flex is a glare-free lighting solution that provides continuous, uniform linear illumination without any pixelation in warm white (3000K) or neutral white (4000K). This flexible lighting solution bends along curved surfaces to follow the contours of objects or elements in your décor, and brings out the light through walls, ceilings or millwork.

ADVANTAGES AND BENEFIT

- Comes with a water-resistant connector
- Ideal for outdoor installations such as kitchens, bars, patios, etc.
- It cuts easily to fit your project perfectly

No.	Kelvin Color T°	Length	Watts
9805241512472	4000 K	72" (1829 mm)	22 W
9805241512430	Neutral white	30" (762 mm)	10 W
9805241512272	3000 K	72" (1829 mm)	22 W
9805241512230	Warm white	30" (762 mm)	10 W

IMPORTANT: A suitable waterproof junction box (not supplied) is required to install the transformer.
