

Space optimization for the kitchen and other rooms of the house! A pull-out table that fits in a drawer space

Features and Benefits

- Installed instead of a drawer, behind a hinged drawer front. Tilt the drawer front down and magically pull-out a table.
- Heavy duty Aluminum mechanism with a weight capacity of 60 KG (132 lbs).
- Installer must supply the table surface material of their liking (instructions on our website)
- Once the mechanism is pulled out, unfold the table panel in one easy step.
- You have the choice between "concealed hinges" or "self-supporting (exposed) hinges" (sold separately).
- The trimmable frontal bar is used as a handle to pull out the table.
- Width of table can be adapted, from 410 to 1170mm, 16 1/8" up to 46 1/8".
- Approx. total table extension: 753mm (29 11/16")

COCKTAIL : Retractable table innovation that will help you to save space and add function to your home. Space optimization is a major trend in home designs. Ergonomic, functional, COCKTAIL is a pull-out table that will be an answer to this challenge. It is composed of a high-quality aluminum slide system that can be installed instead of a drawer and allows to pull out a complete and functional table when needed. Tilt down the faux-drawer front, pull out the mechanism, unfold the tabletop and "voilà". Ideal for 2-3 people (depending on table width). COCKTAIL can also be used to create an extra working surface in your or in other rooms of the house.

Ref.	Code	Description	Interior Dimensions required W x D x H
A	4119312010	COCKTAIL table mechanism	410 to 1 170mm x 540mm x 120mm 16 1/8 to 46 1/8" x 21 1/4" x 4 3/4"
B	411932002G	Set/3 Concealed hinges	See COCKTAIL Instructions for installation requirements
C	411933002G	Set/3 Self-Supporting hinges	See COCKTAIL Instructions for installation requirements

FINISH

Natural anodised aluminum

LOAD CAPACITY:

60 Kg (132 Lbs) evenly distributed

MATERIAL

Aluminum

Opening width : 410 – 1170mm (16 1/8" – 46 1/16")

Internal depth : min. 540mm (21 1/4")

Opening height : min . 120mm (4 23/32")

Table-top thickness (recommended) : 19mm (3/4")

Total extension outside the cabinet : 753mm (29 11/16")
