

R PUSH DEVICE

PUSH TO OPEN & SOFT-CLOSE

Unique, the R push device enables a door to be opened completely by pressure, combined with smooth closing.

Indeed, the **R push** has an assistance arm that will fully open the door following activation by pressure. No electrical connection required; the **R push** operates 100% mechanically. For a handleless, cable-free, sleek, high-end look. This revolutionary device is sure to add value to any design, and offer a seamless user experience.

ADVANTAGES AND BENEFITS

- Elegant handleless look
- Assisted opening movement - giving greater accessibility in your design
- Keep door cabinets clean - good option to complete base cabinet with wastebins and recycling centers
- Integrated soft-close
- Easy to install - 100% mechanical, no cable

APPLICATIONS

- Kitchen cabinets
- Pantry cabinets
- Mudroom cabinets
- Wardrobes and closet
- Bathroom storage

| No. | System Type | Kg | Door dimensions | |
|-----------------|-------------|-------|-----------------|----------|
| | | | Height | Width |
| 118LD030 | Light duty | ≤ 7.5 | ≤ 900 mm | ≤ 600 mm |
| 118MD030 | Medium duty | ≤ 20 | ≤ 2200 mm | ≤ 600 mm |
| 118HD030 | Heavy duty | ≤ 25 | ≤ 2800 mm | ≤ 600 mm |
