EDGEBANDING

PANELS

Enhance your decor by incorporating amazing textures with our new refreshing SYNCRON thermos-structured (TSS) panels collection by *Alvic*. Admire the perfect combination of design and texture that gives these surfaces the appearance of the most realistic materials, such as wood, stone, porcelain, etc. In addition, SYNCRON thermos-structured panels are ideal for all vertical applications since they are durable, resistant, antibacterial and easy to clean! Add shine and softness by choosing from our vast selection of trendy designs and tones from the Brillanté and Zenit collections by *Alvic*

CREATE HARMONIOUS COMBINATIONS
