

Pin Variations | DRILLING INSTRUCTIONS

Lockdowel Double-Headed Pin

Pull Strength: 100 - 110 lbs. (45.3 - 49.8 kgs)

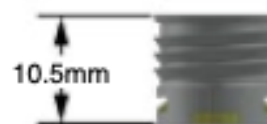

Use to fasten two female housings together

Female Housing
Part Number: 2001B

Hole Diam: 10.6mm
Hole Depth: 11mm (+1mm/-0mm)

Female Housing
Part Number: 2001B

Hole Diam: 10.6mm
Hole Depth: 11mm (+1mm/-0mm)

Spring pin adds sheer strength and rigidity to
eliminate the necessity for gluing and clamping wood dowels.
All measurements are in mm
