FLEXXi allows you to organize the contents of a drawer like magic. The flexible interior dividers adapt to the shape of each item and keep them in place in the drawer.

Description

FLEXXi offers a simple yet ingenious storage solution: a frame made of chrome metal rails, four assembly corners, and five elastic fabric dividers. These dividers extend horizontally and can all be adjusted in depth to perfectly fit different items. Thanks to the use of Flexxtexx fabric, an innovative solution, drawer organization becomes infinitely more flexible and practical.

Advantages

- Available in two depths (422 or 472 mm) to perfectly fit various drawers.
- Versatile: adjusts to interior widths of 472 or 520 mm with a single product.
- Easy assembly with components that snap together in a flash.
- Once assembled, simply place it in the drawer and adjust it to the items being stored.
- Intuitive organization: items slide and store easily between the flexible dividers.

- Ideal for effective storage of plastic containers.
- Perfect for deep kitchen cabinet drawers, vanity drawers, children's rooms, closets, and much more.
- Easy maintenance: elastic fabrics can be washed in the dishwasher.
- Trendy design: chrome rails and other components in dark grey.
- Available individually for a custom storage solution.
