Base Pull Out II

1

Check your cabinet construction

2

Use a shim / door stop

door stop only
for inset doors

door stop only
for inset doors

Base Pull Out II

3

Using templates

frameless

faceframe overlay

faceframe inset

use top runner as a template

4

Mount runner parts to your cabinet

Base Pull Out II

5

are not included

Drilling positions top runner

frameless

faceframe overlay

faceframe inset

Base Pull Out II

6

are not included

Drilling positions bottom runner

frameless

faceframe overlay

faceframe inset

Base Pull Out II

7

Adjust the frame height to your cabinet

Base Pull Out II

8

Mount the door brackets to the frame

9

6x are not included

Mount the unit to the door using the door template

Base Pull Out II

10

are not included

Drilling positions of the door

11

Assemble the frame to the runner

12

Adjustments

Side to side adjustment.

Angle adjustment.

13

Installing the shelves

Door

Install shelves resting the front edge first, then engage the back hooks.

Don't push on side rails to install!

Subject to technical modifications without notice.
