Accuride
APPLICATIONS: Box and file drawers in wood and metal desks, credenzas, hotel, institutional furniture, and store fixtures on drawers 24 " [ 610 mm ] wide or less. This product is covered by U.S. and various foreign patents issued and/or pending.

Rail Mounted, Full Extension Telescoping Slides, Medium Duty 100 lb . [45 kg.] Capacity

Finish Bright electro-zinc (C) or black zinc* (CB)
Length 12 " to 28 " [304.8mm - 711.2 mm ]
Height 2.79" [70.9mm] (including rail and rail hook)

Load 100 lbs. [45 kg.] per pair**
Side Space .50 " $+.030 /-.000[12.7 \mathrm{~mm}+0.8 /-0.0]$
Travel Over travel
Mounting Side mount only
Hardware \#8 pan head screws

$\ddagger$ Holes spaced in 32 mm increments. * Minimum order quantities may apply.

Movement Acetal polymer ball bearings
Disconnect Rail lift off
Features Positive stop, detent-in, silenced in and out stops, heavy duty handed rail for wide or deep drawers, access holes for closed position mounting.

## Mounting Slides to Cabinet

1. For drawers with overlapping front panels, position the slide in the cabinet so that the front of the slide cabinet member is flush with the cabinet face. For drawers with recessed front panels, position the slide so that the front of the slide cabinet is located $1 / 8$ " behind the rear of the drawer face when the drawer is in the closed position. See Figure 2.
2. Locate the slide cabinet member centerline $1-1 / 2^{\prime \prime}$ minimum above the bottom of the drawer opening and install \#8 pan head screws in the horizontal slots at the front and rear of the slide member. See Figure 1.
3. Install the balance of the screws in the slide mounting holes after the final fitting of the drawer in the cabinet.

## Mounting Rails to Drawer Slides

1. Position the front edge of the rails $1 / 8$ " behind the rear of the drawer face and insert the mounting screws in the vertical slots $2-9 / 16$ " above the bottom of the drawer opening.SeeFigure 2. The distance from the center line of the slide to the center line of the rail is $1-5 / 16$ ". See Figure1
2. Install the balance of the screws after the final fitting of the drawer in the cabinet.

## Installing Drawer

1. Lower the drawer onto the extended slides so that the rails on the drawer extend approximately 1 " outward, beyond the slides.
2. Pull both slides forward until each spring loaded rail latch locks securely into each slide. See Figure 3.

## Final Fitting of Drawers to Cabinet

1. Adjust the vertical height of each drawer by raising or lowering the rails on each side of the drawer by means of the screws in the vertical slots.
2. When the vertical position is correct, install the balance of the screws to lock the rails in the correct position.
3. Adjust the horizontal position of the drawers by moving the slides forward or backward in the horizontal slots of the slide cabinet member. When the drawer faces are in line, install the balance of the screws in the remaining holes to lock the slides in the correct position.

Important: For maximum slide load capacity, install screws in all available mounting holes.

## Slide Ordering Instructions

Complete your slide order for Accuride model 3017 by specifying the following:

To order rails specify the following:

(For Zinc finish specify "C". For Black finish specify "B". ) (For Left hand rail specify "L". For Right hand rail specify "R".)

Figure 2

## Packaging

Distributor (D) Pack: Polybag packaging includes 1 pair of slides, handed rails, and mounting screws.
Lengths 12" - 18" 10 pair per box
Lengths 20" - 28" 5 pair per box
Bulk Pack: Left hand slides, right hand slides, and rails are packed in separate boxes.

Lengths 12" - 20" 20 each per box
Lengths 22" - 28" 10 each per box
X-Pack (X): Slides, rails, and screws packaged in one box (without polybag).

$$
\begin{aligned}
& \text { Lengths } 12 "-18 " \quad 10 \text { pair per box } \\
& \text { Lengths } 20^{\prime \prime}-28 " \quad 5 \text { pair per box }
\end{aligned}
$$

## Specifica-

Slide members and ball retainers: Cold rolled steel
Ball bearings: Acetal polymer
Note: Specifications, materials, prices, terms and delivery are subject to change without notice.
