- Validate with Local Building Code

# APPLICATION: MOUNTING TRACK USING WALL SUPPORT DISCS

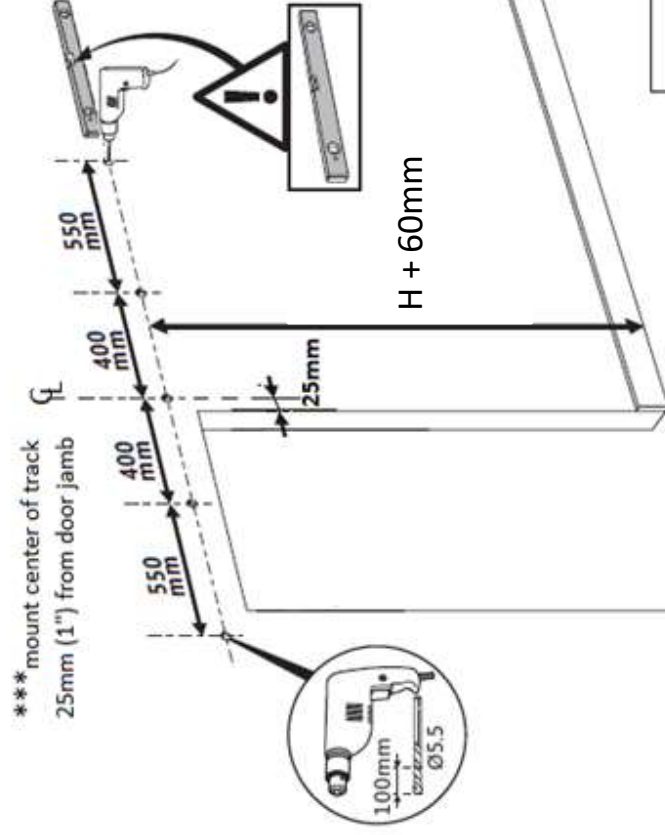

## APPLICATION: MOUNTING TRACK USING SOLID WOOD LEDGER BOARD

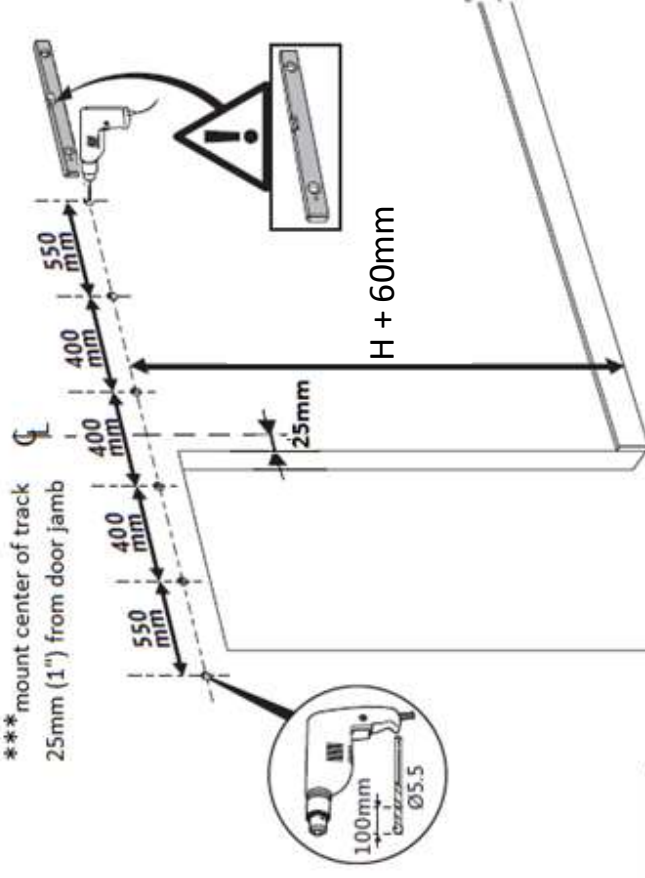

# TRACK MOUNTING

Track Mounting for 2.0 meter (78") track

Track Mounting for 2.4 meter (94 1/2") track

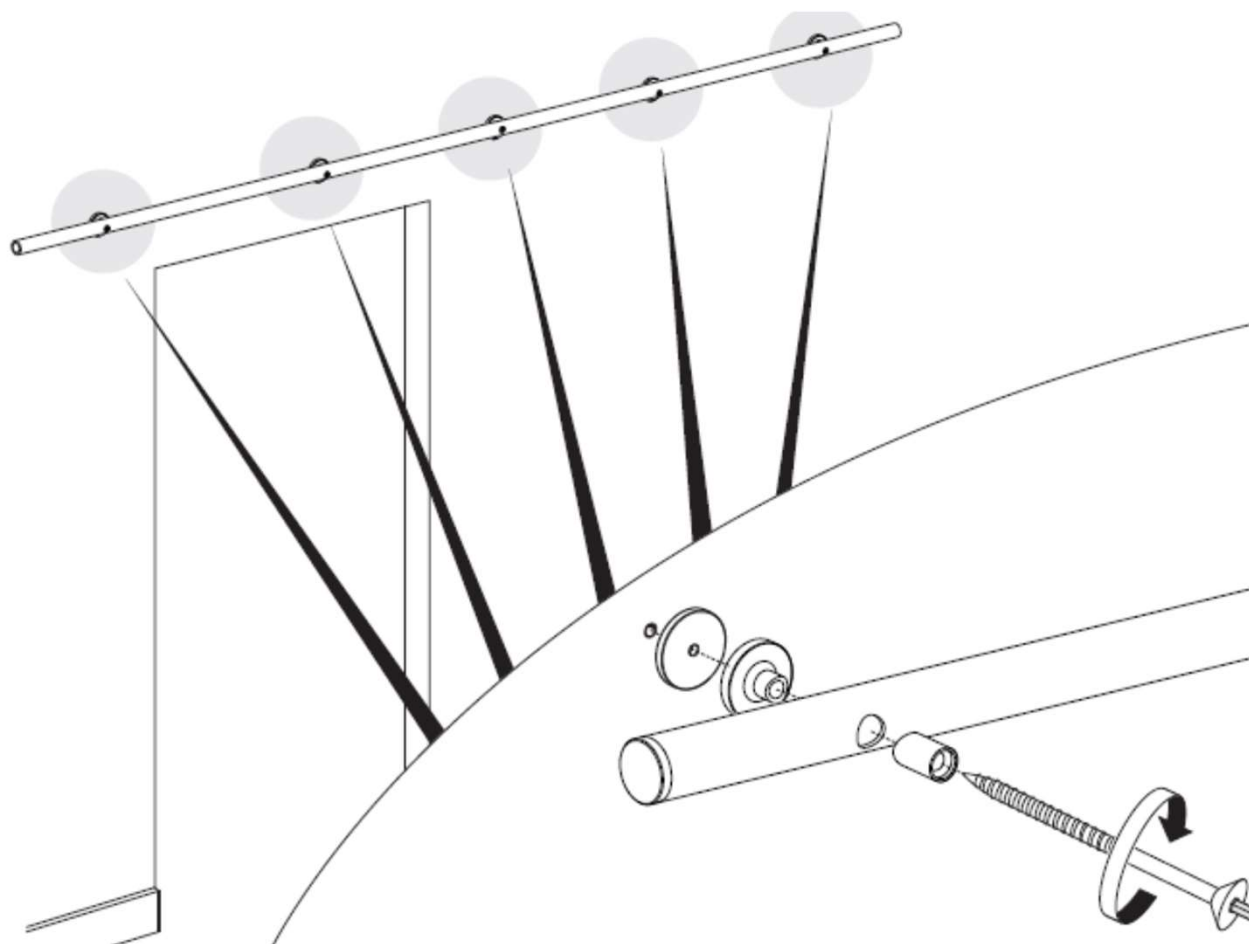

H = Door Height  
L = Center Line

Wear Safety Glasses

# TRACK MOUNTING

Do not install directly onto drywall or other hollow wall. Such surfaces are not strong enough to support the total active weight of the rail and door. Every fastener used to attach the rail to the wall must be fastened securely into a structural surface.
