

Richelieu's latest cutting-edge products for glass, windows and doors simplify any space

From sleek mechanisms to slide glass doors with ease to smart home devices to protect your privacy, Richelieu has a range of specialty and decorative hardware for the glass, window, and door industry that will be on display at this year's GlassBuild America show.

Less is More: Riveo Oasis Kit

The modern and minimalist aesthetic continues to dominate home décor trends in 2024 with a streamlined approach that is all about creating calm and tranquil spaces, including in the bathroom. With Richelieu's **Riveo Oasis Kit**, achieving that ambiance has never been easier. This framed sliding door system is designed to be installed over a bathtub or shower base for a contemporary look that replaces the traditional shower curtain. Available in matte black or chrome, the **Riveo Oasis Kit** is perfect for small spaces because it takes up less space than a swinging door enclosure.

Tech-forward: Electronic Lock for Swing and Sliding Glass Doors

Smart homes are getting smarter. From energy consumption to lighting to security, you can control your home at the touch of a button. With Richelieu's advanced **Electronic Lock for Swing and Sliding Glass Doors**, it's possible to enjoy battery-powered keyless entry without any wiring. This easy-to-install device features four locking and unlocking modes, including Bluetooth via a downloadable smartphone app, fingerprint, numerical code, and FOB badge. There is even the ability to schedule timed entrance and unlocking codes and keep a record of access.

Controlled Closing: Hydraulic Patch Door Kit

Products that balance simplicity, style, and safety are big in the specialty hardware industry this year, which is why Richelieu's **Hydraulic Patch Door Kit** is a popular choice. This kit includes a top patch, pivot, and bottom-mounted hydraulic hinge to ensure doors close smoothly and safely. Available in brushed stainless steel, matte black, and satin aluminum, this kit is easy to install and can be purchased in hold-open at 90°, 105°, or non-hold options.

Multi-purpose Spaces: SlidePro CLT

Evolving living and working patterns have inspired more people to create adaptable, hybrid spaces. Whether it's a bedroom that doubles as a home office or a bathroom that also serves as a laundry room, Richelieu's SlidePro CLT sliding door systems make it easy to transform any space into a versatile one. The **SlidePro CLT Ceiling/Wall Mount** features a single profile that accommodates two different mounting options, drilled for ceiling mount and pre-marked for wall mount applications, while the **SlidePro CLT Ceiling Mount with Fixed Sidelite Sliding Door System** has a two-part profile that accommodates a sliding door and fixed panel. Both systems feature an advanced two-way damper and user-friendly glass clamps.

Richelieu, a North American leader in the import, manufacturing and distribution of specialized hardware and complementary products, remains at the forefront of innovation. The trends mentioned are just a glimpse of the many solutions available.
