NEW SLIDE! Movento Slide

The next generation of Blum[®] slides are coming to Rev-A-Shelf products. Movento slides provide quiet, smooth and synchronized travel. Even under full load, they incorporate an innovative nylon gear system to minimize friction, plus four different adjustment mechanisms to simplify the fine-tuning for a precise fit. Easy to install, the slides have quick-release locking fittings for easy removal, and integrated BLUMOTION soft-close dampers.

You can adjust the drawer vertically by up to 3 mm (1/8") and from side-to-side by up to 1.5 mm (1/16"). A leveling mechanism lets you tilt the drawer up to 5 mm (3/16") front-to-back, and an alignment adjuster with a 1.5 mm (1/16") range helps set the drawer back parallel to the rear cabinet wall.

FEATURE IMPROVEMENTS

REV·A·SHELF

no door hardware needed! Tip-On Waste Container Kit

The perfect mechanical solution for handle less furniture is now available in a kit for all standard depth waste containers, food storage and LEGRABOX units. With no hardware needed, simply add the 100% mechanical motion assist of TIP-ON BLUMOTION to your concealed runner systems to allow easy fingertip opening. Closure with force activates the TIP-ON function, after which point BLUMOTION ensures a silent and effortless closing. The unique design ensures that if the pullout is ever pulled open or pushed closed manually, TIP-ON BLUMOTION will still remain fully functional at all times.
