

STRIPLOX™

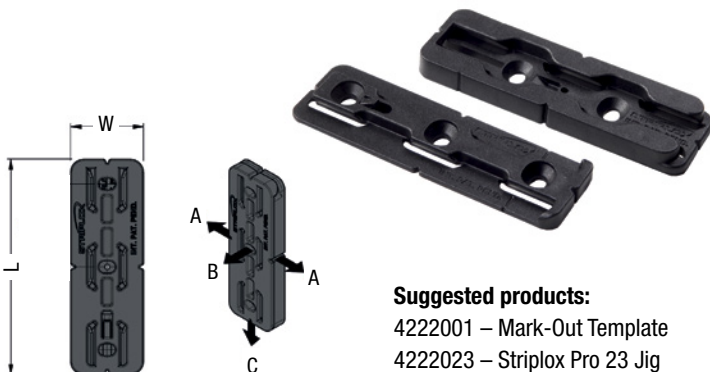

SIMPLE, STRONG, SECURE

The perfect hanging and joining solution

Striplox makes every unique joining application streamlined and concealed in numerous applications. Aesthetically, Striplox replaces visible screws, brackets, fittings, connectors, latches, cam and dowels, mounting blocks and other mechanical components providing leading edge design solutions.

Striplox Pro 23 Concealed Connector

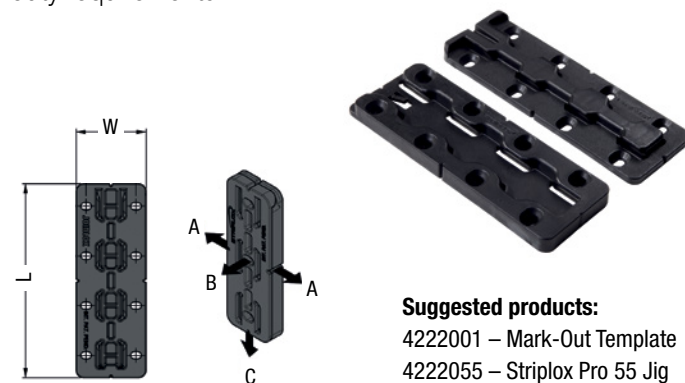

Ideal for installing hanging cabinets, floating shelves, bookcases, artwork frames, mirrors and feature panels.

AMAZING RESULTS

Striplox makes every unique joining application streamlined and concealed for use on solid timber, MDF, composite panels, aluminium features, balsa wood plus more. Striplox is easy to install, fully adjustable, highly customisable and made from environmentally friendly, durable, heat stabilized glass reinforced nylon. Striplox can be built-in or surface mounted in either vertical or horizontal positions.

Striplox Clip 50 Connector

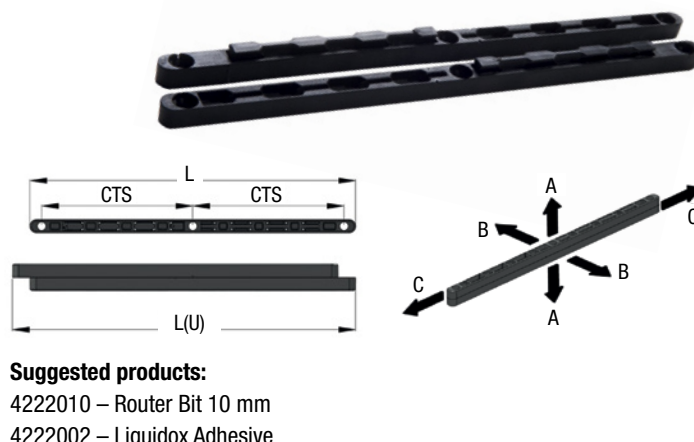

Designed with some smaller precise applications in mind, this versatile and strong connecting system is the perfect solution to fixing furniture, panels, cabinetry and interior fittings.
