

## MOOWME CASTER MECHANISM

The Moowme caster mechanism is designed to allow you to move your furniture easily and effortlessly. The patented "stop & go" technology locks and unlocks the caster with one simple 15 mm lift and has a 360° rotation on the caster ball. Once the required movement is achieved, another lift and drop puts furniture into the "stop" mode again.

- Applicable to nearly all types of furniture via direct insertion or with use of adaptors
- Load capacity per caster:
  - 220 lb (100 kg): Static load
  - 110 lb (50 kg): Dynamic load
- Special large ball design for safe usage on hard flooring, hardwood floors and parquet, as well as carpets of up to 10mm

Sold by unit

PRODUCT	FINISH	APPLICATION	MOUNTING HOLE Ø	WHEEL Ø	TOTAL HEIGHT	MOUNTING TYPE	QTY/BOX
