### **VERTIKO SYSTEM**

A customizable, aesthetic and practical system.

A simple, versatile system comprised of:

- · An aluminum load bearing support structure
- Brackets for cabinets, shelves, and closet rods

Attached to an existing wall, the components can be used in any combination to create:

- · A walk-in closet in a bedroom
- · Shelving in a home office
- An entertainment center in a living-room
- Functional pantry storage in the kitchen

The Vertiko system: useful for both residential and commercial projects.

Use panels to build custom drawers and shelves. The adjustable shelf supports allow for maximum flexibility as needs change.

Highly flexible and practical, the Vertiko system can be complemented with lighting, decorative panels and decorative hardware to create simple designs with maximum style adaptable for every need.

#### **CAVARE PULL-OUT SHELF SYSTEM**

For kitchens, living rooms, closets, offices.

The discreet and elegant Cavare sliding shelf system is designed for kitchens, offices, living rooms and closets. With simple access from the front and complete visibility of all the products inside, this is a unique storage solution to suit minimalist trends.

Large storage surface: the slim metal maximizes the available space

- Practical: provided with an adapter that enables installation on concealed slides (3/4 or full extension) with or without dampening
- · Anti-slip: each shelf comes with a non-skid mat to prevent items from sliding, falling, or making noise
- The Cavare system includes 2 shelves with non-skid mats
- For a face frame cabinet application, use slides 562F4570, 563F4570B or 563H4570B
- Versatile: available in 2 widths of 23-5/8" and 35-7/16" (600 and 900 mm) for Cavare sliding shelves (#2131710 and #2132310)
- Optimize space: the shelf angle can be adjusted to 3 different positions for a multitude of uses in the kitchen, closet and other rooms of your home
