BETA BLOC WINE PEGS

Beta Bloc Wine Pegs have a wider diameter, allowing for two bottles to share the same rod and creating a more dense design. These thicker pegs require more space to install but reduce the amount of rods needed, meaning three bottles can be installed on four pegs instead of six pegs.

• Standard spacing for bottles up to 13 1/2" (343 mm) long and 3 3/4" (95 mm) in diameter
• Can hold 4 bottles with 2 pairs

Included: 1 pair of aluminum pegs, 4 Silicone O-Rings

Sold by pair
