

FINSA

CUSTOM-MADE CABINET DOORS

BOLD PATTERNS | ANTIBACTERIAL SURFACE

Richelieu

FINSA doors are available in a wide variety of designs. These products include a selection of wood grains, linens and stone patterns as well as soft neutrals. The doors are made with carb-2 particleboard.

With its certified antibacterial finishes, the entire FINSA Collection is suitable for applications where hygiene is a must:

- Kitchens & bathrooms
- Commercial casework in education & hospitality
- Offices
- Furniture
- Closets & residential casework

BENEFITS

- Antibacterial finish
- Doors are edgebanded using PUR adhesive technology
- Matching edgebanding with structured finish
- Matching pattern on both sides of the panel
- Easy maintenance

This door program creates modern and elegant combinations for residential and commercial spaces.

VALENCIA (3) Horizontal crosspiece	3/4" (19 mm)	3" (76 mm)	15 1/2" (394 mm)	9" (229 mm)	96" (2438 mm)	48" (1219 mm)	50" (1270 mm)

CUT-TO-SIZE PANELS AND COMPONENTS

Our **cut-to-size panels** and components are manufactured to your specifications. They can be edgebanded on all sides with 1 mm matching edgeband or have designated edges unfinished.

Thickness	Minimum Height	Minimum Width	Maximum Height	Maximum Width	Maximum (for warranty)
3/4" (19 mm) Horizontal grain	3" (76 mm)	3" (76 mm)	48" (1219 mm)	96" (2438 mm)	81" (2057 mm)
3/4" (19 mm) Vertical grain	3" (76 mm)	3" (76 mm)	96" (2438 mm)	48" (1219 mm)	81" (2057 mm)

Specify which sides need to be edgebanded.

SEQUENCE OPTIONS

Our slab door and drawer fronts may be designed with vertical or horizontal wood grain sequencing.

Non-sequenced method

The doors will be fabricated at random, and each one will display its own characteristics (graining, shade, etc.). This method is the standard method of production in the industry.

Sequenced method*

The production of doors takes into account the exact position of each door relative to the next; each door becomes a visual extension of the adjacent doors. This method results in a harmonious look for the entire project.

* Available only for the Seville (slab) model.

* A surcharge for this method is applied. Please use our Web program to order. Production plan required.

* Sequenced method is available for each cabinet configuration.
