**Richelieu**

# Eleganté

The **Eleganté** collection offers classic colors with **super glossy and ultramatte finishes**.

This program allows you to achieve any type of project, residential or commercial.

One year warranty.

## AN ASSORTMENT OF COMPLEMENTARY PRODUCTS AS YOU HAVE NEVER SEEN BEFORE

The **Eleganté** collection offers a complete range of custom-made cabinet doors, panels, laminates as well as solid color edgebanding in all our glossy and matte finishes. Two tone edgebanding is also available in all our glossy finish colors.

Our **Eleganté** panels are made of a MDF board on which a decorative paper is thermally fused to obtain excellent resistance to abrasion, mold and shocks.

A heated polyurethane **PU+** undercoat is applied to the surface to prevent cracking and delamination. Three layers, with a glossy or matte acrylic finish, are then heat applied and polymerized with UV rays to form a hard surface that is resistant to household cleaning products.

In addition to its resistance to UV rays and discoloration, the **Finguard** technology prevents the appearance of fingerprints on our acrylic lacquer panels and matte finish laminates sheet.

## ADVANTAGES

All our panels can be matched with our laminates and edgebanding

Antibacterial

Scratch resistant

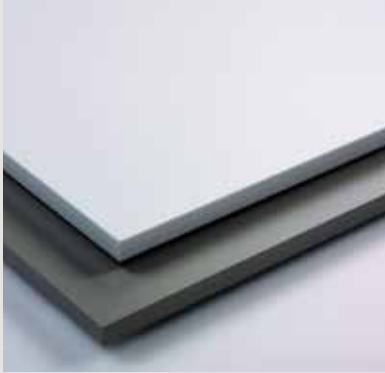

Easy to cut

Easy to clean

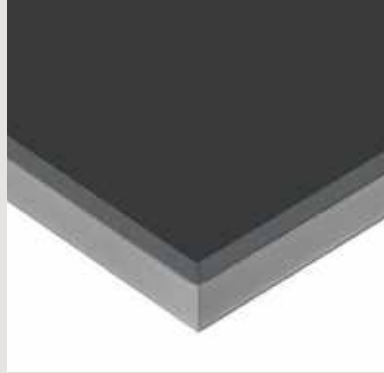

# DOOR (SINGLE PIECE)

We offer a complete range of cabinet doors and custom-made components.

## Monochrome edgebanding

## 3D two-toned edgebanding

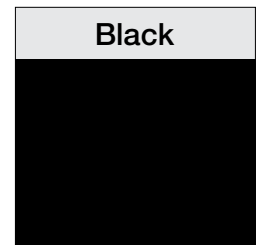

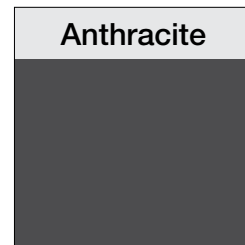

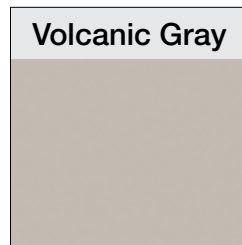

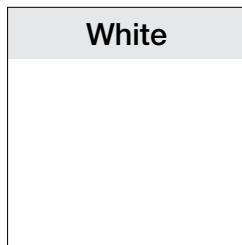

HEIGHT	
minimum	maximum
3"	108"
76.2 mm	2743.2 mm
WIDTH	
minimum	maximum
3"	48"
76.2 mm	1219.2 mm

- Doors larger than 50" (1.27 m) are not covered by any guarantee (warping or other things).
- We recommend the installation of a third hinge (without a spring) on doors that measure 36" (914 mm) or more.
